TUTBURY MUSIC FESTIVAL 2006

Most of the work involving venue, shelter, services, insurance, manpower, funding, advertising, performers, stallholders and the sharing of basic information is now done or almost finished.

The remaining work to be completed by the day of the Festival includes seating, decoration, installing a PA system, erecting signs, purchasing supplies, frequently reviewing income/expenditure and cross-checking with each individual on the attached manpower list.

Recent activities include confirmations with the Fanfare Musicians, the MC, local saints who are willing to act as traffic marshals, finding a First Aider, selling advertising space and producing a programme, measuring up areas we wish to use in the grounds of the Castle, talking with the local press, answering queries, and, most crucially, sharing what we intend to do with our most generous friends at Tutbury Castle and establishing a new group of Trustees for our parent body, the Tutbury Arts Group.

You may have been to one, or perhaps more, of our seven meetings about the Festival. Thank you for coming, giving up your time and being willing to help make the day work. Enjoy it – especially the most successful bits!

See you on July 15th – anytime after 7 am.
