

Come and meet ***Queen Boudica***

**Tutbury Village Hall, 12<sup>th</sup> August 2011**

**Britain was a remote outpost of the Roman Empire and in the part we now know as east Anglia, lived Boudica, Queen of the Iceni tribe who frightened the hell out of the Romans settled here.**

**With over 100,00 barbarians we have her sweeping down the country, red hair flying, dressed in brilliant colours and ripping apart one Roman settlement after another.**

**This mighty queen was on a mission of revenge for the rape of her daughters and an absolute determination to teach the Roman invaders a sharp lesson.**

**She succeeded and is never to be forgotten.**
